

Tummy Tamer Onboarding Checklist

Reviewer Note: This onboarding checklist is designed for the client who is very familiar with iPhone/iPad/Android operations and navigation. A number of clients will start inserting meals/notes directly into Tummy Tamer and may not need to read the User Guide. However, if you use this Onboarding Checklist and run into any issues, you can review the corresponding pages in the User Guide for additional information.

Free Version

1. Download/open Tummy Tamer from the App Store or Google Play. (Page 3)
2. Navigating the "Today" tab: overview of daily meals and notes. (Pages 5-6)
3. Updating meals/notes using the iPhone and iPad mic/text features (Pages 6-12)
4. Updating the Day Metrics section (Pages 12-13)
5. Navigating the "History" Tab (Pages 13-14)
    a. (*Data is visible once meals are entered*)
6. Navigating the "My Data" tab (Pages 14-16)
    a. (*Decide if you want to track symptoms on PDF reports, and fill this in if desired*).

Accessing Pro Version

The cost is $2.99 for a three-month period). It is designed for clients who want the following:

- *To send a customized report of daily meals/metrics to a health provider,*
- *To synch your Tummy Tamer to multiple devices (such as an iPad and iPhone),*
- *To create custom day metrics for tracking unique symptoms or goals*

It is recommended clients interested in the Pro Version review Section 11 of the User Guide to get a full understanding of these features and functionality. (Pages 16-29)

7. Navigating the "Settings" Tab and help (Page 17)
8. Pro Features sign-up process (Pages 17-19)
9. PDF Report features-on the My Data Tab (Pages 19-21)
10. Custom Metrics (Pages 21-23)
11. Cloud Synch (share the Tummy Tamer app between multiple devices) (Pages 23-25)

If you need more detailed assistance, review Section 13 (Deep Dive), which contains the following additional information.

12. Sending PDF reports to health providers (or others) (Pages 25-28)
13. How to combine Day Metrics and Custom Day Metrics to meet your specific needs (Page 29)
